## *From the Headmaster . . .*

**What a fantastic weekend we have just enjoyed!** The weather was perfect for the Open Day on the Scots Campus and the commitment of students, staff and parents was exceptional. The school looked at its absolute best after the recent rain too. The events of the weekend speak **strongly of community, a great diversity of school opportunities and the excellent support we all** enjoy from a strong and committed parent body and willing and enthusiastic staff and students.

**The Senior School Information Night on Friday night provided an opportunity for Senior Staff to present their vision to the College community.** Ms Leaf (Director of Senior School), Mr Jones (Head of Academic Excellence and Compliance), Mr Adams (Director of Co-curricular) and Mr Weeks (Educational Consultant) presented a very clear plan with many exciting initiatives. I wish to thank them for their excellent presentations.

**The Open Day from 11am-2pm on Saturday provided the opportunity for us to show off what will be the Senior School Campus to the wider community whilst also allowing All Saints' Parents to have a closer look.** I wish to thank the staff and students who set up displays, opened up their classrooms, conducted tours and answered questions. I wish to also acknowledge the Year 11 Tour Guides who did a fabulous job. Thank you also to the Boarders P & F who ran the BBQ so well.

**The ISA organised a Girls' Gala Touch Football Carnival with over 250 girls from ISA Schools.** Scots All Saints College has just joined the ISA Competition for Girls' Touch Football this season and this was a wonderful way to be welcomed into the competition. The organisers and other schools were so impressed with our facilities they hope to make this a regular start to the season.

**The Parent Weekend Chapel Service was a very special occasion too for the School Prefects and House Captains who were inducted in the presence of their peers, staff and family supporters on Sunday.** I believe we have a body of leaders who will excel in their roles as they lead the Senior School over the next 12 months. I am really grateful for the support of all parents and students who made the effort to attend. These occasions are extremely important educational and community opportunities for our students which should not be missed.

Prefects are now welcome to apply for the Senior leadership roles of School Captain male and female, School Vice-Captain male and female, Day House Prefect male and female and Prefect Coordinator. This will occur over the next few weeks and announcements will be made at the end of the year.

**Two very significant events take place at All Saints' College and The Scots School next weekend.** The Year 12 Valedictory Ball will be a wonderful event for the All Saints' students, staff and families and I wish them all the best for the Ball and for their future.

**For The Scots School community, the same night is the occasion of the last Blue, Black & Gold Ball.** This is a wonderful whole school community event. The 2018 Year 12 will be officially welcomed into the Old Boys' & Girls' Association at the beginning of the night and I wish the Scots Year 12s all the best for their future too.

Have a good week.

## **WORRY LOOKS AROUND. REGRET LOOKS BACK. FAITH LOOKS FORWARD.**

Today during the Senior School Assembly I shared excerpts from my 1977 diary. I uncovered the diary during a recent shuffle through some boxes and I've had some fun 'reliving' Year 8 and sharing details with the old friends that are mentioned. One on level the details of my day-to-day teenage angst are hilarious (Did I really love David Cassidy that much?!) but I've also had cause to think about some of the more serious worries that I had as a teen. (I wish I could go back in time and have a chat with myself). The message I wanted to convey to our students is that at times, worry is actually a useful emotion. Worry about doing well in a test, for example, can motivate us to study a bit harder (Apparently I was concerned about my Commerce test). Worry about a friendship that is going through a difficult period may cause us to engage in some personal reflection about our attitudes or actions (A certain boyfriend and I broke up). Worry that provides the opportunity to recalibrate in a positive way can lead to a growth mindset. Worry that paralyses and prevents us from developing academically, spiritually & emotionally is a problem. I encouraged our students to explore the value of worry that motivates and leads to positive growth and to re-think how destructive worry can destroy our dreams and hinder our growth as people. I am excited about the positive changes the integration is bringing; in particular the introduction of *Positive Psychology* within our Student Welfare Program, in which our students will be equipped with the knowledge and skills to build resilience and strategies for dealing with issues such as negative worry.

## **YEAR 8 MIXER AT CHIFLEY DAM**

Year 8 from both campuses have been invited to try out the new water park at Chifley Dam. This is a wonderful opportunity for our students to mix together again and I know they are very excited about swapping classrooms for the dam.

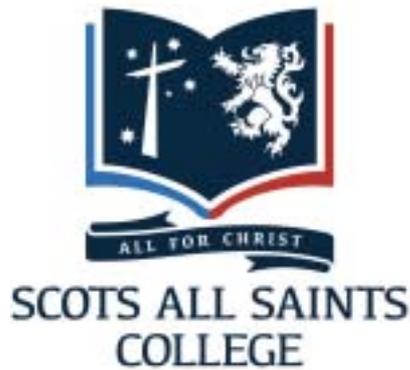

## **HATS & SHOES**

Just a reminder that students must wear a hat if they wish to be out of the shade and in the sun. Please have a look at your student's shoes - I've noticed lately that quite a few could do with a polish.

## *Integration Update*

Integration Update #21 –Term 4, Week 3

### **Scots All Saints College Parents & Friends Association**

The P&F Integration Committee has worked together over the last few months to prepare for the new Association. The new Constitution was developed and planning for the inaugural AGM was carried out. The Constitution was approved by the College Council. This allowed us to have the first AGM of the Scots All Saints College Parents and Friends Association to go ahead on Saturday, 27 October. Thank you to everyone who attended the AGM and got the Association underway.

All positions in the Executive and the Committee were filled. It is with pleasure the following roles can be announced:

Executive:

President - Lindsay Wilde  
Vice President - Sue Rogers  
Secretary - Sharyn Semmens  
Treasurer - Rhonwen Hazell  
Vice Treasurer - Rebecca Ashton

Committee Members:

Rebecca Ashton  
Grant Baker  
Gemma Green  
Annabelle Hillsdon  
Elizabeth Jeffries  
Sandra Sharpa  
Genevieve Spence

The first General meeting of the P&F will be held at the Tim Richards Pavilion, Scots Campus at 5.30pm on Wednesday, 28 November. Everyone is welcome to attend the meeting. The Constitution and the P&F Handbook are available on the school websites.

### **Prefects and House Captains for 2019 Inducted**

The very first student leaders for Scots All Saints College were inducted at the Parent weekend Chapel Service on Scots Campus last Sunday morning. There was a fabulous turnout from fellow students, parents, grandparents, friends, family and the college community to show their support. We wish them every success in their very important leadership role for Scots All Saints College.

*Integration Update continues . . .*

Prefects are now welcome to apply for the Senior leadership roles of School Captain male and female, School Vice-Captain male and female, Day House Prefect male and female and Prefect Coordinator. This will occur over the next few weeks and announcements made at the end of the year.

## **Have Your Say –College Communication tools and processes**

Thank you to the parents and students who have already provided their valuable feedback into the information they would like to receive from the Scots All Saints College from 2019.

One of the key priorities of our team this term is to review and make recommendations based on your input to inform the introduction of new College communications tools and processes. While both school communities have a slightly different approach, the basic principle of *awesome* communication is what we are striving for! This means professional, timely, accurate, simple, convenient, efficient, succinct, consistent and most importantly, delivering the information you want to know about your children enjoying their learning environment.

A review of communication practices within other schools is underway and we hope to use this information and your feedback to introduce a suitable approach for the needs of the Scots All Saints College community.

Now is the time to tell us what you value about the information you receive from the College. Simply email [info@saints.nsw.edu.au](mailto:info@saints.nsw.edu.au) to have your say.

### Cape Town water crisis – what’s happening?

I recently went on holiday to South Africa, and upon my travels, visited the city of Cape Town. Known as the ‘Mother City’, Cape Town is the oldest city in South Africa and contains a population of roughly 400,000 people. At first glance, the city appears to be thriving. Smiling faces, abundant greenery and a remarkable food culture – but before long I found out that it’s struggling with one crucial component. Water.

Being a rather green area, the city of Cape Town does not appear to be struggling with a water crisis at all. But research reports that it is becoming the first major city in the world to run completely dry. So, what’s causing it? News reporter Aryn Baker suggests it’s the result of poor planning, bad management of the crisis and three years of drought. Many are aware of the drought caused by the El Nino effect. And bad management of the crisis can be seen through the situation was handled in earlier days. But poor planning is one not commonly discussed.

Outdated infrastructure was one such example of this. As well as being inefficient, this infrastructure was incapable of keeping up consistently growing populations. Due to a combination of these events, the future of Cape Town sees a day nicknamed “day zero.”

A day when the government shuts down all main water supplies, except for those in places such as hospitals. Already, there is a limit on water consumed per capita. In retrospect, Cape Town’s future is a worrying one for locals as well as countries supporting them. The hope is that limits on water usage, and improvements in infrastructure will prevent day zero from becoming a reality, but it’s only a matter of time before the world sees what truly becomes of it.

### ARAL SEA

The Aral Sea is an endorheic lake. It is basically a basin that has no outflow and doesn’t link up with oceans or seas. Endorheic lakes are usually landlocked. They turn into lakes or swamps that can last permanently or for some mere weeks. Endorheic lakes are some of the largest lakes in the world, like the Caspian Sea.

The Aral Sea is located half in Kazakhstan and half in Uzbekistan, which is sort of in the region of Afghanistan, Pakistan and Turkmenistan. Which is a lot of stans. The Sea has an area of 68 000 km squared. Aral means archipelago because it used to have 1,100 tiny islands contained in it(underline used). It also used to be the world’s fourth largest saline lake and have 10grams of

salt per litre, but this has changed because the Aral Sea is drying up faster than a puddle in a volcano.

Why you ask?

The Aral Sea used to have two rivers running into it. Then in 1960 the Soviet government decided to divert the flow of these two rivers and use the water to cultivate the desert. This was impractical because most of the water was being dried up and wasted in the desert. Usually the Aral Sea gets one fifth of its water from rainfall and everything else from the two rivers. Although a lot of the water evaporates, the Aral Sea was able to replace the water with the water from the two rivers. But thanks to the 1960s Soviet Government the Aral Sea has nothing to replace its evaporated water with.

The salinity levels have rose, from 10grams per litre to 100grams per litre. This causes the remaining wildlife to die because they simply can’t cope with the high salt levels. One year the water level decreased by 57cm. This is horrible because not only is the wildlife dying out; the water is evaporating faster because the shallower the water is, the easier it is to heat up, so the more it evaporates. The salt is also distributed unevenly and this contributes to the Aral Sea evaporating more.

Desertification is basically using the land so much that it becomes barren. The drying up of the Aral means that there is less groundwater, which leads to salt piling up, which leads to the loss of vegetation and animal species and then ultimately desertification. So not only is the Aral dying, the land around it is too. 6 million hectares of agricultural land was destroyed. At one point the government introduced a new fish species to try and save the dying species of the Aral Sea. The fish proved to be harsh competitors for food and led to more little fish deaths.

Another contributor to the destroying of the Aral Sea is climate change. The world is already heating up and Central Asia has had a noticeable rise in their air temperature. This dries up the Aral Sea faster. With the development of factories and transport carbon dioxide levels will increase and increase the already high air temperature. This could lead to the extinction of many plant and animal species. Some other contributors are: inefficient agricultural practices and cotton farming in the desert.

The government has built a dam near the Aral Sea and this has increased the water level by 10cm. the local villagers have taken action and the mayor has implemented some rules to go towards the protection of the Aral. The Aral Sea can be saved, but it will take more than some determined villagers to do it. We need everyone to do their part; it’s not fair that the Aral Sea and its innocent wildlife should suffer for the decisions’ of mankind.

## MUSIC Notes for the Highlander.....

1. **Saturday 10<sup>th</sup> November 2018 – The Concert Ensemble will be performing in Machattie Park on Saturday 10<sup>th</sup> November at 10.50 – 11.30 as part of the Bathurst Remembrance Day Band Festival to Commemorate the Centenary of Armistice. The Pipes and Drums will be part of the Street Parade at midday on the same day. Concert Band members are to meet at BMEC car park (near Roller Doors) at 10.30am – Performance will be at 10.50 to 11.30 in Machattie Park William St (opposite the Unity Church).**
2. **Madison Burns (Year 10) has been successful in nomination for a Youth Arts Award by the Bathurst Arts Council Committee. She will perform along with other nominees on Monday 26 November at BMEC at 6pm. Best wishes for success at this event.**
3. **Rehearsals in all ensembles are preparing for the end the year Carol Service and Speech Day.**

**Freedom of the City Parade - Saturday, 10th November at 11:30 a.m.  
The Scots School Pipes and Drums will lead the parade at King's Parade on  
Wednesday, 10th November. Other military units will participate in the parade.**

**The Scots School Pipes and Drums were granted Freedom of the City of Bathurst on 4th March 1996, in recognition of the 50th Anniversary of the school. The granting of a 'freedom of the city' means that the band can march through the City of Bathurst, unobstructed, with drums playing and flags unfurled. Historically, the drums and flags were thought of as signs of invasion. The granting of the freedom of the city to The Scots School Pipes & Drums in 1996 was one of only a few such 'freedoms' granted anywhere in Australia. It was a great honour for our Band.**

### **Remembrance Day Performance - The Scots School Pipes & Drums**

**The Pipes & Drums will be performing in Machattie Park following Remembrance Day March and Service. The entire city will be commemorating the 100th Anniversary since the end of World War I. The performance will begin at 3:30 p.m.**

*Under 10s and 12s please be at the ground at 8.30am for an 8.45 start (unless your coach asks you to be earlier).*

*If there is wet weather, please check the Bathurst District Junior Cricket Association Facebook Page on Saturday morning to check if games are still on.*

### **SASC White 7s v RUCC Mitchell Starc**

Round 2 saw SASC White play RUCC Mitchell Starc on the front oval of the Scots School Campus. Thank you to players and parents for fitting in around the busy schedule of events held at the school on Saturday morning. SASC White was captained by Otto Meurer who won the toss and elected for his team to bat first. Players were remembering to hit the ball in forward, and a few shots went into the power play area which meant double points. This week it was great to see players enthusiastically fielding and throwing the ball back to the wicket. The game moved much quicker than last week as students were more comfortable with the new structure and rules. Bowling is a skill that will take some practise, however there was already improvement from most players, getting used to a straight arm and bowling overarm. A big thank you to all players for remaining on the field for the whole game due to small numbers in the RUCC side. Thank you to David Chapman for scoring and the Meurer family for bringing the fruit.

SASC White Player of the Week – Kobe Wollaston

Don't forget your hat, joggers and water bottle on Wednesday afternoon for training at ASC at 3:45pm.

Next Saturday SASC White play City Colts Originals at Scots School at 9:15am.

Mrs Jennie White

### **SASC Blue 7s v St Pats White**

Our Captain for the second game of the season was Oliver Hamilton, he won the toss and decided that we would bat first. Opening batsmen, Rory and Jye soon had the runs ticking up very healthily. Both boys looked for extra points by batting strongly towards the 'Power Play' area of the field, earning double points for their efforts.

Congratulations to all the boys for their efforts in bowling, lots of straight over arm deliveries and great fielding earned our players 5 wickets. At training on Wednesday afternoon, we will practise how to support team members during fielding and how to get the ball quickly to the wicket. We will do some batting practice and learn how to bat off our front foot. Thank you to Max for volunteering to play with St Pats so that each Team had 6 players. Thank you to Mrs Hutchinson and Mr Brown for scoring and Oliver for supplying our delicious fruit skewers.

### **SASC Blue7s Player of the Week - Jye Christian**

Don't forget your hat, joggers and water bottle on Wednesday afternoon for training at ASC at 3:45pm. Training concludes at 4:30.

Next Saturday SASC Blue play RUCC Mitchell Starc at Brooke Moore Park at 9:15am

Mrs Lyn Inglis

### **SASC 10s White**

### SASC 10s Blue

Stiles 2 was the scene for Round 2 of the under 10 SASC Blue cricket team. The boys bowled and fielded really well with more accuracy this week. Great improvements from Danny and Neel coupled with the pace of Oscar and Charlie had the opposition hopping at the crease.

Fielding was spritely with special mention to Angus, Grayson and Danny for good energy and backing up in the field.

The batting went well with good runs from Bryce and Oscar.

Overall it was a great result even with a narrow loss with player of the match going to Oscar Withers.

### SASC 12s

The U/12's recommenced their innings with Banjo and Patrick still at the crease, and a lot of work still to be done, Patrick being particularly good from the start. After the loss of an early wicket, Will came in and played a great innings. He and Banjo combined for a great 37 run partnership, the second-largest for the innings, which pushed the team score past 100. Jessica and Archer also contributed fine knocks to the cause, and helped U/12's to a final score of 148 from 38 overs. Banjo however continued on from his heroics the week before, hitting boundaries and rotating the strike. Batting for over 100 minutes he scored an impressive 27 not-out, and walked off through a guard of honour.

With a 60 run advantage the U/12's took to the field in search of early wickets to hopefully produce a victory. The bowlers all toiled hard, with Tim and Jaxon starting for the day. Only 16 runs came from the combined 6 overs the pair bowled, yet despite some maiden overs from the other bowlers, U/12's could not take the wicket they needed. City Colts subsequently pushed forward, surpassing the target and finishing their innings ahead. Dropped catches were the unfortunate order of the day, with 5 in all, though 4 of them would have been absolute screamers if taken!

It was a wonderful first game with a lot of enjoyment, great moments and learning opportunities. The team cannot wait until the second match, starting this Saturday!

The final score was:

SASC U/12's 10/148 lost to City Colts Originals 3/184

Player of the Week went to a very deserving Banjo for his incredible knock of 27 not-out!

**Reminder:** There will be no SASC Under 12s cricket training on **Wednesday 7<sup>th</sup> November and Friday 9<sup>th</sup> November** as the Year 5 and 6 students from All Saints' College will be away for their Outdoor Education Camp.

**News Topic**—Free Choice

**Colour Run** – This Friday the ‘Friends of Junior School’ will host a Colour Run for all our families and friends. Please find further details on School Stream. The event will start at 5pm and will be followed by a picnic on the oval.

**Musica Viva** – On Tuesday our Pre-Kindergarten students will travel to All Saints with the other infants’ classes to join in for a Musica Viva performance at 11.30am. \$12.00 will be charged to school accounts and a permission form will be at the sign-in table on Tuesday morning for parents to sign.

**Revised Date for Pre-K Christmas Celebrations** - Due to an unforeseen clash in dates that would affect many of our Pre-K families, we have changed our Christmas Picnic and Graduation to Tuesday, 11<sup>th</sup> December at 5pm. We thank you for your understanding with this change.

**Playball**- The students had a wonderful time at their first Playball session on Wednesday. Coach Samuel, Josh and Ben had the children developing kicking, throwing and hitting skills in their small groups. The weather was very warm and quite a few students didn’t have drink bottles, so we really encourage these be packed each day.

**Sun Safety**- During Term 4 we are very aware that the weather will be warming up. It is important that students bring their school hat each day of attendance. Sun screen will be applied before outdoor play, so please let staff know if there are any allergies we should be aware of.

**Orientation** – Term 4 is a very busy time as students prepare for the commencement into school for 2019. If parents could please make teachers aware of each child’s Orientation schedule and the time that will be missed from Pre-K it would be greatly appreciated.

**Link Program** – We all enjoyed our first Link Program play session with Kindergarten on Thursday. This term we will focus on building gross motor skills. The rotations will consist of team games, ball skills, an obstacle course and relay races.

**After School Supervision** – This term we welcome Miss Mickaela Warry every Tuesday afternoon to assist with our After-School Supervision from 3.30-6pm.

## **Upcoming Dates:**

Thursday, 1<sup>st</sup> November – Bathurst City Library ‘Story Time’ Visit

Friday, 2<sup>nd</sup> November – FOJS Colour Run

Tuesday, 6<sup>th</sup> November – Musica Viva Performance ASC Campus

Friday, 16<sup>th</sup> November – School Starters Picnic (4.30-6.30pm Adventure Playground)

- Ø **Reminder**—After-School Supervision from Thursday, 6<sup>th</sup> – Thursday, 13<sup>th</sup> December will finish at **5pm** not 6pm due to Pre-K extended term dates.

## Secondary School Sports Bulletin Week 3 Term 4

### **Reminder - Variations to the travel plans for sports training**

Please advise the school if it is more convenient for students travelling across to All Saints for sports training to be collected from ASC. We require written (email) acknowledgement of the arrangements from the parent. Students are not to drive themselves or take passengers – unless they have sort approval and had it confirmed. Please send requests to Mr Adams ([jadams@socts.nsw.edu.au](mailto:jadams@socts.nsw.edu.au)).

### **Hats, sunscreen and water bottles**

With the summer weather conditions comes the added responsibility for students to have a hat and sunscreen for the sports/teams that train outdoors and for all students to have a water bottle at training. Please make sure that you have a hat on your head, from our observations on the last weekend; our cricketers were quite good with this on the weekend with their games but some are forgetting about training. Our tennis students and touch students need to do better with this at both training and games. There is ample time at lunch or even between 3.05 and 3.30 pm as you get ready for sport or travel to sport training to apply sunscreen.

### **Wet weather contingency plan**

In the event of adverse weather for a training session (as experienced on the first Thursday of this term) the following sports will continue to train; 1<sup>st</sup> and 2<sup>nd</sup> V boys basketball and the Junior boys basketball (at Scots), 1<sup>st</sup> and 2<sup>nd</sup> V Girls basketball (at All Saints), swimming4sport group (at Scots) and potentially tennis for All Saints students (at the Bathurst Tennis Centre) if it is no longer raining. The reasoning for this is that these teams train in indoor locations and that the Bathurst Tennis Centre courts hold water quite well. The reason for cancelling the girls touch, cricket, Scots tennis and other basketball teams (who train outdoors) is that the playing surface will be deemed too dangerous (slippery) to train. Students who find their sport cancelled in this situation will be asked to go home or back to a boarding house at 3.20pm. Let's hope that we do not need to call on this contingency plan too often.

### **ISA Girls Touch Gala Day**

Last Saturday (27<sup>th</sup> October) was our first major ISA girls sporting event at the school. There were approximately 300 girls and many other parents, coaches, supporters on the campus. It was a busy place. We thank the girls for the manner in which they played their touch football and for welcoming the visiting players. We had some really good results and as we develop a routine of training and build stronger playing combinations in the teams we will be even better. We thank the coaches for their work with the players/teams on such a busy day - our first touch fixtures for the season.

Special thanks must be extended to the Boarders P&F and other P & F helpers for running the BBQ/canteen. It was greatly appreciated. The Boarders P&F has asked that we thank all the parents who helped out with the canteen and from the many families that donated food to be sold. They were truly thankful and enjoyed the chance to get to know new parents and friends.

### **Swimming Squads**

The swimming squads are into their third week of training now. Mrs Cathy Stapley is filling in for our swimming coach (Sharon Inwood) for the week (Wednesday 31<sup>st</sup> Oct to Thursday 8<sup>th</sup> Nov). There is plenty of room in our swimming squads for students who wish to improve their swimming. Squads are held on Tuesdays – 6.45am-7.45am for our morning group (advanced) and from about 5.00pm to 6.15pm for our afternoon squads (intermediate swimmers). If you would like to join one of these squads (even if only for one of the afternoons) please contact Mr Adams ([jadams@scots.nsw.edu.au](mailto:jadams@scots.nsw.edu.au)). No doubt these squads will be much more popular in Term 1, so why not secure your place in them by joining this term.

### **Cricket Reports**

Our players and teams seem to be settling into their season quite well. We had mixed results. The 13s team continue to be very competitive and have played both the best players from Blayney and Lithgow in their opening

matches. Mr Morrissey has reported great improvement in the team already and some strong relationships developing. Our 14s Mark Waugh team faced the stronger of the Stannies teams in their first game and were outclassed, positively the boys played much better in the second week of the match and will continue to as they learn to value their wicket a little more when batting. The 14S narrowly lost to the premiers from the past season. The match was very close and with a few less sundries the result could have gone the other way. We congratulate Angus Parsons (Yr 8 ASC) for his century. The 2<sup>nd</sup> XI had a very good start to their ISA campaign, read Mr Mair's report for the details. Our 1<sup>st</sup> XI had a solid start to the Div. 1 ISA competition and with time will be a very competitive team.

Our girls' cricket team played their first game last evening (Wednesday 31<sup>st</sup>). The game was played by combining with some of the other clubs (who are struggling to recruit enough players) for a match. The Scots/St Pats/Bushies team bowled first and kept the combined Bushrangers team to 84. In reply the girls scored 78. Star performers were Oliviah Grimshaw with a wicket, Elspeth Hardie with her reflex classic catch in the gully, Charlotte Lindsay's strong batting including an elegant off drive for four, Victoria Webb's enthusiasm with the bat and in the field and Alice Radford for her impressive all round play.

We look forward to the next round of matches.

## BASKETBALL . . .

SASC Red & Royal Blue

First game of the season for Basketball and for the majority of these two teams their first gam. Mixed results on the night with Red going down against a younger but highly experienced and skilled team and Royal Blue having a resounding win. Both teams showed plenty of enthusiasm and team spirit on the night with a willingness to pass the ball and support each other.

## **Scots All Saints First XI**

Coach: Mr. P. Cant; Mr A. Maher (Manager)

Result: Win to St Patrick's Strathfield

### **Best Player Performances:**

Batting: Ben Cant 20 runs.

Bowling: Ben Cant, Gareth Faulkner, Charles Flude and Hugh Parsons: 1 wicket each

One of many firsts for Scots All Saints was celebrated on Saturday when the First XI Cricket squad played their first game under the name of the integrated school. The SASC team batted first. They were all out for 92 after 44 overs. The game ended when St Patrick's reached 4 for 98. This is the first time the SASC boys have ever played in ISA Division 1 level. The St Patrick's team were more experienced at playing to this standard. Despite the loss, the boys enjoyed the game and gained valuable experience for the future. The team greatly appreciated the assistance of several parents who kept score, prepared lunch and barbecued the meat.

Mr Maher (Coach)

## **First XI Cricket**

### **Scots All Saints College v St Pats**

The Scots All Saints College First XI cricket team played their opening ISA match of the season against last year's premiers, St Patrick's College. After captain, Charles Flude won the toss, the day started brightly for our new team with Tom Siede and Andrew Knox scoring some valuable runs early in the innings. The team applied themselves well and batted for 45 overs without ever really getting on top of the opposition bowling attack.

We had a number of players make a start but no one managed to compile a big total. Ben Cant (20 runs) was our top scorer and he received valuable support from Tom Siede, Hugh Parsons, Izac Chirgwin and Charles Flude. Our total of 92 runs was not enormous but the grit and determination showed by all of our batsmen was most encouraging.

The St Pat's innings began aggressively and their opening batsmen were quick to seize upon any loose bowling.

Hugh Parsons and Gareth Faulkner both bowled tidily and claimed one wicket each. Our change bowlers also worked hard but the St Pat's players continued to score runs freely. Charles Flude and Ben Cant both claimed a wicket to have the visitors 4 wickets down but they passed our total without any further loss. Wicket keeper

Angus Rendall led our fielding effort with enthusiasm and he took an excellent catch to dismiss one of St Pat's leading batsmen.

While we were soundly defeated, there were many positives to come from the match. The Scots All Saints boys played with great spirit and heart and they will continue to build confidence, skill and experience as the season unfolds.

I would like to thank Mr Chirgwin for scoring and assisting with warming up the boys, Mr Maher for his support with photography and catering and all of the parents and supporters who contributed to preparing such a delicious lunch and afternoon tea.

We look forward to an exciting season ahead.

*Mr Phillip Cant, First XI Coach*

## **SASC 2ND XI vs St Patricks College**

The SASC Second Eleven commenced the season in fine style with an emphatic victory over St. Patricks College last weekend in a fixture played at the All Saints campus.

After winning the toss, we decided to field first, giving the players the chance to settle the early season nerves. After a solid start St. Pats succumbed to the relentless pressure of our bowling attack to be dismissed for 116. All the bowlers bowled well with the best figures returned by Ralph Nicholls who captured 3 wickets for 5 runs off 4 accurate overs. Ralph acted like a "dose of lethal insecticide" as he "ripped through" the Pats middle order batting lineup.

The bowlers were well supported by some outstanding fielding with Tom Hewitt saving numerous runs with some brilliant saves. One area we do need to work on is eliminating the high number of sundries conceded and hopefully as the season progresses and we become more "match attuned" this will occur.

Chasing a fairly modest total of 116, the SACS team were given a superb start by our two openers, Tom Hewitt and Jonah Siede. Tom and Jonah put on 73 for the first wicket, setting up our victory. Both batted very responsibly and were never in any trouble. After the loss of a couple of quick wickets Belinda Kidd and Josh Stanmore saw us to victory with some sensible and thoughtful batting.

Thanks to the curator for preparing a good pitch and also to the many parents who attended on the day and of course for their efforts in providing an array of "goodies" for afternoon tea.

Next weekend we have another home fixture against Redfield College at Watson Oval (ASC) before embarking on four demanding away fixtures at Bowral, Central Coast Grammar, St. Spyridons (Sydney) and Blue Mountains Grammar.

*B.J.Mair/J. Adams*

### **SASC U13's Cricket**

The Scots All Saints College 13s may have suffered a narrow loss to Lithgow on Saturday but they won plenty of admirers with their strong effort.

With the SASC paint barely dry, this brand new unit are already starting to come together and build confidence in all areas of the game.

Player of the day was Hugh Argent-Smith who scored an unbeaten 34 and took 2 wickets, stamping himself as a true all-rounder.

Jayden Spackman took two scalps aided by some sharp catching by Zane Newham but the best wicket of the day belonged to Paterson Abel who, despite being new to cricket, managed to knock over the stumps for his first ever breakthrough!

Lewis Schoenmaker bowled very well for two maidens when we needed them most.

Jayden and Noah were strong with the bat, with Jayden batting for an exhausting 17 overs.

Congratulations also to Lachlan Martin for his strong batting and fielding.

Mr Lee Morrissey

First XI Cricketers before their first ISA game last Saturday. They played against St Patrick's College.

## Touch Football Scots All Saints College Gala Day

Last Saturday 27<sup>th</sup> October, Scots played host to the ISA Girls' Touch Football Gala Day. This was the beginning of the season for the first ever Scots All Saints College team and the day was a wonderful display of team work and cooperation. SASC fielded two teams each in the Junior and Senior divisions and it was heartening to see the girls utilise one another's strengths to hold their own on the field with strong opposition from schools like Barker College, St Andrew's College, Redlands, Kinross Wolaroi School and Chevalier College. The girls now look forward to the first round of ordinary competition beginning this Saturday with matches at Blue Mountains Grammar School and Kinross Wolaroi School.
