Each term the boarding houses have a House Dinner where we like to get together on a more formal platform and enjoy a meal away from the grounds of the school and the Dining Centre.

It is a great way for younger boys to get to know the senior boys and for all of us to have some time away from the boarding house. It is important for our boarding students to have time away from school to socialise, relax and enjoy themselves. This is important for their mental, physical, emotional, social and spiritual well being.

Next term the boys are investigating other activities that they are interested in attending including a Rugby League and AFL Game.

A big thank you to all of our boarding parents who participated in the fund raising activities for our boarding community at the Highland Gathering.

The Boarding raffle and food venue were both highly successful and raised a significant amount of money which will go towards continually improving our boarding environment and facilities for the students.

To all of the parents who participated in the fundraising activities we highly appreciate your effort and we know that many parents gave up most of their weekend to help set up, bake, cook and prepare the items for the raffle.

On behalf of all the boarders we would like to acknowledge the hard work and dedication our boarding parents put into the Highland Gathering each year for the benefit of all students at Scots.

Boys and Sport

Rugby has begun and it is great to see so many of our border boys involved in the sport.

Approximately 3/4 of the boys in the boarding house play rugby as well as backing up in other sports such as hockey. It is great to see so many of our border boys so dedicated to all types of sports at Scots.

Many of our international students are highly involved in rugby and many of them are highly skilled including Tommy Shin (Korea) and Iori Hashida (Japan).

Congratulations to Jack Baker (Yr 11) who represented WRAS Hockey Team at the State Championships last week.
